As Randles Hotel is "your home in the park", our menu artwork depicts one of our favourite lakeside locations in Killarney National Park.

A Sheltered, lush and peaceful idyll which is just a 6km cycle from Randles Hotel, at the point where Torc Waterfall flows into Muckross Lake.

The artist, Sue Gifford was tasked to recreate the landscape while departing from traditional landscape colours and creating a moodiness to mirror the hotel ambience. Sue is a renowned local artist who has been featured in The Financial Times & Forbes Magazine.
